

# ASHTABULA COUNTY LPDC IPDP / PROFESSIONAL GROWTH PLAN

## Cover Page

Name \_\_\_\_\_ Date Submitted to LPDC \_\_\_\_\_

District \_\_\_\_\_ Building \_\_\_\_\_

Assignment \_\_\_\_\_

All educators who are required to work through the district LPDC to maintain Ohio State Board of Education credentials must complete and gain approval from the LPDC.

The educator's Individual Professional Development Plan (IPDP) must be approved/dated before any activity or coursework that the educator may use to maintain credentials (see link for template <https://www.ashtabulaesc.org/lpdc>).

The goals created by the educator must be:

- High quality professional development goals
- Meet the needs of the district and building
- Help the district fulfill its CCIP and other short and long term plans
- Assist the educator in increasing knowledge and improving skills

1. **Print** your Educator Profile Credentials page(s) **and attach** to this cover as a required part of your IPDP submission to the LPDC.
2. All educators are advised to **align existing credentials on to one** "Master" license as individual certificates/licenses come up for renewal. This assists the educator by saving money on both the licenses and the background checks, in eliminating multiple dates, and in streamlining his/her IPDP approval process <https://www.ashtabulaesc.org/lpdc>.
3. Identify what/which certificate(s)/license(s) will be guided by this IPDP.

**Current Certificate(s) and or Licenses(s):**

	Educator State ID#	Type
